EDUCATION

Zakir Hussain College of Engineering & Technology (AMU)

Bachelor of Technology in Electrical Engineering

Aligarh, Uttar Pradesh

2025 – 2029

AMU Senior Secondary School

Class XII — Percentage: 75.60%

Bihar School Examination Board (BSEB)

Class X — Percentage: 84.80%

EXPERIENCE

BasketHunt

Full Stack Web Development Intern

Remote

Jul 2026 – Present

- * Working on modern web applications using React.js and JavaScript.
- * Collaborating with the development team using Git and GitHub for version control.
- * Participating in feature development, debugging, and code optimization.

PROJECTS

Smart Inventory Management System | *React.js, Node.js, Express.js, PostgreSQL*

- * Building a scalable inventory management platform with secure authentication and role-based access control.
- * Designing RESTful APIs, inventory tracking, analytics dashboard, and report generation features.
- * Following clean architecture and modern software engineering practices for maintainability and scalability.

Real-Time Collaboration Platform | *React.js, Node.js, Socket.io, MongoDB*

- * Developing a real-time collaboration platform with instant messaging and live data synchronization.
- * Implementing secure authentication, WebSocket communication, and responsive user experience.
- * Designing scalable backend services for concurrent users and real-time updates.

AI-Powered Learning Assistant | *React.js, Node.js, AI APIs*

- * Building an AI-powered assistant to provide personalized learning support and intelligent study recommendations.
- * Integrating AI APIs with a modern web interface for interactive user experiences.
- * Focusing on secure API integration and efficient request handling.

Developer Productivity Dashboard | *React.js, Node.js, PostgreSQL*

- * Creating a dashboard to help developers monitor projects, repositories, and development activities.
- * Implementing analytics, reporting, and performance visualization features.
- * Applying scalable architecture and clean coding practices throughout development.

TECHNICAL SKILLS

Languages: C++, JavaScript, HTML5, CSS3

Frontend: React.js, Tailwind CSS

Backend: Node.js, Express.js

Database: PostgreSQL, MongoDB

Core CS: Data Structures and Algorithms, Object-Oriented Programming (OOP)

Tools: Git, GitHub, VS Code
